20th February

SEVEN ESSENE MIRRORS with Trevor Morris

Trevor Morris, author of 'The tree of becoming' will be giving a thought provoking presentation on the 'Seven Essene Mirrors' that are referred to in the Dead Sea Scrolls. He will be expanding on the references to the Seven Essene Mirrors in Gregg Braden's book the Divine Matrix, explaining how each of the seven mirrors reflects back to us what we need to learn on our spiritual journey.

As we evolve as conscious beings, the Universe reflects back to us different lessons that we need to learn. For example, the second mirror reflects back to us 'the things that we judge' and the sixth mirror reflects back to us 'our greatest fears'. By being aware of how these mirrors work in our lives we can gain greater insight into our lives and the challenges we face.

20th March

There is plenty of floor space so you are welcome to bring a blanket to add to the enjoyment of the meditations.

VIBRATIONAL MEDICINE with Kate Herbert

"Going to Jack Temple was a life-enhancing experience. He cured me, my sister, my mother and my children of all our ailments. He is a genius worker." - Jerry Hall

"Why live in misery when the power of nature is all around?"

During vibrational medicine the cause of your priority symptom is treated. Dowsing is used to find the cause of the illness, then your body is balanced energetically by removing any negative influences and putting positive vibrations in that resonate with healthy body tissues. So allowing your body to heal itself. The medicine is always completely safe; using only the resonance of nature's pharmacy to cure.

You will have personalised health information to take home with you, for your benefit after the session.
